**2022-23 Women's Nordic Combined World Cup Team Selection Criteria**

**Eligibility for Consideration:**

USANS will consider for selection only those U.S. Ski & Snowboard members in good standing who have a valid U.S. passport, a valid USA-coded FIS license and who meet FIS minimum eligibility standards.

U.S. Ski & Snowboard provides an equal opportunity to amateur athletes, coaches, trainers, managers, administrators, and officials to participate in amateur athletic competition, without discrimination on the basis of race, color, religion, age, sex, or national origin, and with fair notice and opportunity for a hearing before declaring any such individual ineligible to participate.

**Criteria Guidelines:**

- U.S. Ski & Snowboard policy mandates that team selection criteria shall be principally objective (or performance-based) and that available start rights and team spots will not necessarily be filled.
- The USA Nordic (USANS) Team Director is responsible for applying the selection criteria set forth herein, subject to the oversight of the U.S. Ski & Snowboard Chief of Sport.
- No minimum team size will be established.
- The team selected by USANS may consist of any number of athletes up to the FIS World Cup quota for the United States.
- The start right quotas per nation are set every competition period by FIS.
- Objective selections shall be based on the results achieved by athletes in 2022-2023 FIS World Cup and Continental Cup competitions, and 2023 Junior World Ski Championships (JWSC).
- Athletes who have not met the General Criteria may be selected to the team via discretion if they satisfy any of the following:
  - o Outstanding competition results from the 2021/22 and 2022/23 seasons, including as a member of a team event, indicating a potential for World Cup success.
  - o Recent positive direction or trend of competition results indicating a potential for World Championship success.
  - o Indication of medal potential in future Olympic or World Championship competition (such as international age group results and age rankings) that would be materially enhanced by selection to the team.
- Discretionary selections, if any, may be based on a variety of factors, including competitions conducted outside of the selection period.

- Team status does not automatically include funding or ski service from USANS or U.S. Ski & Snowboard.

**Discretionary Selections:**

Discretionary nominations are made by a USANS Discretionary Selection Committee. All nominations are then sent to the USANS Nordic Combined Team Director for final approval. All discretionary selections will be reviewed by a Discretionary Selection Committee, composed of the USANS Nordic Combined Team Director, regional head coaches, the USANS Sport Committee board chair, the U.S. Ski & Snowboard Chief of Sport, and the athlete representative from that sport who is a member of the U.S. Ski & Snowboard Board. If the U.S. Ski & Snowboard Board Athlete Representative is also a currently competing athlete, then another athlete, who is not actively competing, will be selected by the Athletes' Council to be the representative in this group.
